classical collection

"An array of quartz selections with elegant, classical colors, infused with gleaming silvery streaks to bestow a touch of sophistication and modernity into the living space, suitable to all kinds of interior."

Sparkling White PT 402

Sparkling White has streaks of silver-coated glass mirror on the surface reflected in all angles, exuding delicate, elegant, and shimmer for the applied space.

Classical collection is a very relevant quartz option, commonly utilized in projects needing contemporary beauty, thanks to its aesthetic features and great benefits.

Classical quartz stone not only adds a touch of refinement and modernism to the room, but it also enhances the space's splendor, elegance, and beauty to a new level.

Super White PT 006

Bringing in the quintessential beauty, Super White shows the extreme intensity of passion reaching the threshold of paradise.

In addition to adding elegance and sophistication to the space, classical quartz stone also enhances its beauty, elegance, and attractiveness.

Pure White PT 401

Like a precious gift given by the Creator with pure and natural beauty, Pure White captivates people with sophistication and elegance.

marble collection

“Inspired by the bright lines of natural marbles and wavy mineral streaks, the Marble collection boasts simple yet colorful stripes, introducing a refined, high-class look into the space.”

San Marino PT 870

San Marino's bravado is expressed in absolute sophistication and intensity. It's a classic, timeless look for any room really, and the stunning veining is unmatched.

The Marble line's pure beauty, as well as its outstanding benefits, make it ideal for places that wish to maintain a gentle and magnificent style throughout time.

Emerald PT 820

Emerald is a soothing harmony between contrasting colors. Bringing homeowners a feeling of relaxation and warmth in their living space.

To impart a polished high-class look to all living rooms, Marble's delicate pure and gentle aesthetic is the perfect choice.

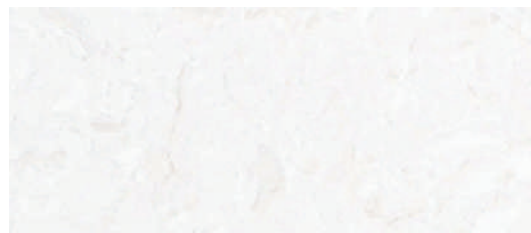

Carrara White PT 301

With the beauty of miraculous energy, Carrara PT-301 is famous for its pattern looks like electric rays in constant motion. Create a strong, luxurious and sophisticated design.

Marble quartz has become a favorite of everyone due to its delicate clean, soft look, and multi-colored veins inspired by actual marbles plus wavy mineral streaks

Calacatta collection

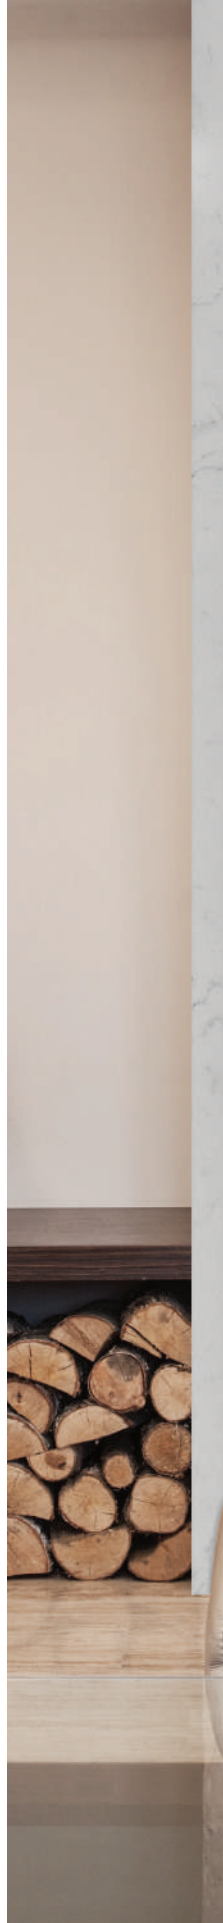

“Carrying on the intense liveliness of Maracaibo’s thunder strikes, each stripe of the Calacatta collection resembles hardy branches in the Arctic snow. That’s why this collection is the perfect choice for modern with a strong personality, as it will brighten up all surfaces it is applied upon.”

Lightning Gold PT 601

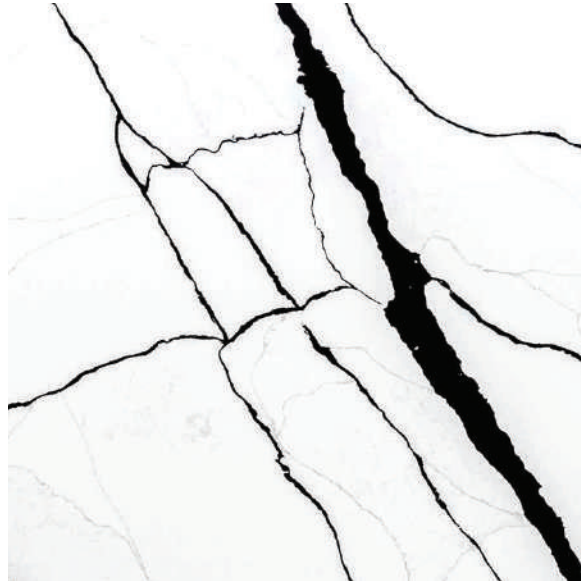

Lightning Gold's elegant look is truly what keeps service professionals and homeowners coming back year after year, as the rich white and gold details are impossible to match. Lightning Gold tends to have softer veins, and usually can't match the dramatic veins of Calacatta marble. The bright white comes with veins in gold colors, suitable to most homeowners.

Lightning, as bright as lightning against the deep sky, is an endless source of inspiration for youthful, dynamic, and powerful designs.

Calacatta Matrix PT 980

Calacatta Matrix is undoubtedly one of the most beautiful. Its marked dark veins, which display different hues and colour gradations, give it its indisputable personality, which is capable of attracting every gaze. An essential, unique stone, perfect for kitchens and bathrooms where an intensity appearance is sought but also very elegant in other types of spaces.

The Calacatta Matrix has a major influence in places where homeowners with strong personalities seek a subtle touch.

Calacatta Lincoln PT 994

With its white tints, the Calacatta Lincoln shows the lines of the most beautiful calacatta, with excellent precision. The polished surface of these slab is reminiscent of Mediterranean-like interiors, also fits perfectly into modern aesthetics, complementing wood and metal textures.

Due to its capacity of brightening up all applied surfaces, the Calacatta line is considered the best option for contemporary living areas.
